Department of Biochemistry & Redox Biology Center

Fall 2015 Seminar Series
Tuesdays, 4 PM, N172 Beadle Center

September 8  “Insulin induced gene-2a links CREBH signaling to hepatic lipid metabolism in the pathogenesis of hepatic steatosis and hypertriglyceridemia”
Dr. Qiaozhu Su, Assistant Professor, Department of Nutrition & Health Sciences, University of Nebraska-Lincoln

September 15 “Metabolic control of mitochondrial dynamics”
Dr. David Chan, Professor of Biology, Division of Biology and Biological Engineering, California Institute of Technology

September 22 “Anchored in fat: mechanisms to resolve diseases caused by malnourishment in obesity and starvation”
Dr. Concetta DiRusso, George Holmes University Professor of Biochemistry and Jefferson Science Fellow, Department of Biochemistry, University of Nebraska-Lincoln

September 29 “Endoplasmic Reticulum Associated Degradation and Protein Conformational Diseases: Lessons from Model Systems and Novel Therapeutics”
Dr. Jeffrey L. Brodsky, Avinoff Professor, Department of Biological Sciences, University of Pittsburgh

October 6 “Tug of war in the Golgi: fight between compact and fragmented phenotypes”
Dr. Armen Petrosyan, Assistant Professor, Biochemistry and Molecular Biology, University of Nebraska Medical Center

October 13 “Role of Triacylglycerol Metabolism in Energy Balance and Lipid Homeostasis in Plants”
Dr. Changcheng Xu, Biochemist, Biological, Environmental and Climate Sciences Department, Brookhaven National Laboratory

October 20 FALL BREAK

October 27 “Promiscuity, Serendipity and Metabolic Innovation”
Dr. Shelley Copley, Professor, Molecular, Cellular and Developmental Biology, University of Colorado at Boulder

November 3 OPEN

November 10 “TBA”
Dr. Amanda Bird, Associate Professor, Department of Human Science & Molecular Genetics, The Ohio State University

November 17 “Regulation of adipocyte browning and thermogenesis by ER stress”
Dr. Soonkyu Chung, Assistant Professor, Department of Nutrition & Health Sciences, University of Nebraska-Lincoln

November 24 OPEN

December 1 “TBA”
Dr. Steven E. Glynn, Assistant professor, Department of Biochemistry and Cell Biology, Stony Brook University

Please contact Carol Hegel at 472-2932 or carol.hegel@unl.edu if you would like to schedule an appointment with the speaker.

The University of Nebraska-Lincoln is an equal opportunity educator and employer with a comprehensive plan for diversity.
